How does the work relate to your major/degree program?

The student above wishes to apply for Curricular Practical Training (CPT). CPT authorization allows the student to engage in practical training, paid or unpaid, that is an **integral** part of an established curriculum and is directly related to the student's major area of study. The goal of CPT must be to advance the student in his/her academic program in a specific and definable way.

Note: employment for the sole purpose of earning money or to gain experience is not an appropriate use of CPT. CPT may not delay completion of the student's academic program. Please note that non-required CPT is only allowed in your final term if you are also registered for other courses which are required for the completion of your academic program.

Please complete the following information to help us determine whether the proposed practical training activity meets the U.S. Department of Homeland Security requirements for CPT authorization. Call 916-672-3232 if you have questions.

Check one:

☐ As the student's advisor, I certify that this CPT is a **required** part of the program, i.e. the program **requires** all students to have practical work experience in the field of study.

☐ As the student's advisor, I certify that this CPT is a **non-required** part of the student's program. It is an integral part of the student's curriculum and pursuant to a course with a formal practical training component.

To make the CPT an integral part of the established curriculum, the student must be enrolled for a course specifically designated for this CPT. **It is the student's responsibility to register for, pay for, and complete the course.**
